

--- accuracy threshold used in this work (0.55)

■ this work, linear leaky integrator (int8, no hidden layer)

■ NeuroBench ANN 2D (float, 96-32-48-2, spike counts over a 200 ms window)

■ NeuroBench SNN3 (float, three LIF layers 96-32-48-2, 200 ms window in 7 steps)

■ NeuroBench SNN2 (float, streaming, 96-50-2)

■ this work, integer streaming SNN 96-64-2 (bit-exact hardware)
